## CARRANZA HAS DECIDING VOTE

Mediators Await Reply to Their Latest Note.

MAY AGREE TO SEND ENVOYS

Upon the Word of Rebel General Depends Whether Entire Mexican Problem Will Be Settled by Diplomacy or Whether Insurgents Will Continue to Fight Their Way to Mexico City.

Niagara Falls, Ont., June 4.—Mediation waits on General Carranza, commander-in-chief of the Constitutional forces in Mexico.

He has in his possession a communication from the three South American diplomats which opens the door for Constitutional representation in the conferences here.

Upon his word depends whether the entire Mexican problem will be settled by diplomacy or whether the Constitutionalists will continue to fight their way by force of arms to Mexico City.

The mediators in a dignified way have smoothed the path for Constitutional participation. The United States government wants them to accept.

A rejection of the invitation may mean the withdrawal by the Washington government of the moral support it has been extending to the Constitutional cause.

The mediators are confident that General Carranza will send envoys here. Instead of believing the negotiations will be prolonged indefinitely by such a course they think a pacific settlement would then be more quickly obtained, as all parties in the Mexican dispute would then be here to shape the program of peace.

No Obstacles in Sight.

All principals here would like to see the Constitutionalists enter the negotiations in a spirit of conciliation. There will be no obstacles, technical or otherwise, placed in the path of the Constitutionalists by the Huerta delegates.

The mediators have not literally invited the Constitutionalists anew, but the phraseology of the note is such as to pave the way for their entrance to the negotiations. It is, in effect, a clarification of the misunderstandings which have existed and if construed in the conciliatory and friendly spirit which the mediators intended to convey persons who have read the note say they cannot see how the recipients can refuse and square themselves with the public opinion of the world.

There is every disposition on the part of the mediators to treat the interests of the Constitutionalists fairly and with a realization that they dominate now the largest part of Mexico and constitute practically the most important factor in the problem. It is understood here that the Constitutionalists have hesitated to favor mediation because of a misconception of the character of the proceedings.

Mediators Appear Tactful.

The mediators daily are approaching Mexican internal questions, which have as well an international aspect, in the most tactful manner. The Huerta delegates, for instance, have been able to discuss those phases without yielding the sovereignty of their nation. There is no purpose here to legislate on the land question.

The American delegates never have suggested any specific plan for the remedy of the agrarian troubles, nor do they intend to do so. What the American government and the mediators desire is that the new provisional government shall be morally obligated to take up the land question and dispose of it with justice to all interests.

If the Constitutionalists are obstinate and refuse to interfere, preferring the pathway of bloodshed to the ways of peace, mediation will proceed.

An agreement will be reached between the United States and the Huerta administration through which a new government will be set up.

General Huerta's withdrawal will be regarded by the United States as sufficient reparation for offenses which threaten war.

## JOY KILLS AGED PRISONER

Convict Found Dead Clutching His Parole Papers.

Leavenworth, Kan., June 4.—Davy Truax, an eighty-two years old, died of joy, his friends assert, at the state prison here. He had been a prisoner for twenty-five years, but had his parole papers clutched tightly in his hand when he died.

Truax, a member of the Ninety-first New York infantry in the Civil war, was an inmate of the Soldiers' home at Dodge City when he killed one man and wounded another in a quarrel over liquor. He was sent to prison for life.

## EXPLOSION FATAL TO FOUR

Fifth Man May Die of Injuries Inflicted by Dynamite Blast.

Monongahela, W. Va., June 4.—Four men were killed and a fifth probably mortally injured by an explosion of dynamite at a construction camp near here.

## BOARD MEMBERS ARE LEARNING

New Haven Director Believes Conditions Better.

LIKES PRESIDENT ELLIOTT

James S. Elton of Waterbury, Conn., Says the Directors Have Changed Their Methods and Are Not Influenced as Much as Before by One or Two Men.

Washington, June 4.—"Directors of the New Haven now direct," as a result of President Howard Elliott's policy, James S. Elton of Waterbury, Conn., a member of the railroad's board, told the interstate commerce commission. Mr. Elton, who was a witness in the commission's investigation into the road's affairs, said the directors had "learned a great many things."

Mr. Elton testified that the directors have changed their methods and are not influenced as much as before by one or two men, like J. Pierpont Morgan or Mr. Mellen. He added that President Howard Elliott is more deliberate and does not "rush them off their feet."

William Skinner of Holyoke, Mass., another director, was a witness also. He and Elton told the commission that the acquisition of trolleys and various sections of New England steamship lines and other properties at a cost of many millions of dollars constituted a part of the New Haven's comprehensive plan to increase its facilities.

Many of the properties thus acquired, it was said, had only a prospective value, the natural growth of New England being taken into consideration by the directors.

Mr. Elton, questioned on this point by William Nelson Cromwell, who appeared as counsel for several of the directors, said that the purchase for \$11,000,000 of the New York, Worcester and Boston road, the stock of which former President Mellen of the New Haven testified was worth only "10 cents a pound," was for the purpose of obtaining a foothold in the metropolitan district and securing greater and better terminal facilities in New York.

Mr. Skinner said it was his belief that "if things had been allowed to go on and the New Haven and its officials had not been subjected to inimical inquiries and legislation the property would have pulled out all right, perhaps in five years."

He asserted that Mr. Mellen could have retained the presidency of the road had he so desired, as he had a majority of the directors with him.

## 700 BOYS IN CORN CONTEST

More Names Added to Annual Competition in North Dakota.

Fargo, N. D., June 4.—Nearly 700 farm boys are taking part in the third annual acre yield corn contest for North Dakota. Entries for the contest closed June 1 with nearly 200 more names on the list than last year. All the contestants are farm boys between twelve and eighteen years old and, according to the rules of the contest, each is required to grow at least an acre of corn and do all the work himself.

The awards are made in the fall upon the basis of mature corn grown to the acre. Henry Granlund, a Ransom county boy, was the sweepstakes winner in the state last year, growing 106 bushels of mature corn on his acre. The average for the fifty young farmers who headed the list last year was 76 bushels of corn to the acre. Director Cooper is confident this record will be broken this year.

For the purposes of the contest the state is divided in two sections, a northern and a southern.

WOODWARD W. DUKE DROWNS UNDER AUTO. Salt Lake City June 4.—Woodward W. Duke, son of J. B. Duke, president of the American Tobacco company, was drowned in a mountain creek near Park City, Utah. The four other members of the party were not injured. The machine skidded and fell over an embankment of six feet into the water.

## ROB MONTANA POSTOFFICE

Safe at Rexford Is Dynamited and \$358 Taken.

Kalispell, Mont., June 4.—The post-office safe at Rexford, Mont., was dynamited and the general store in which it stands was wrecked. About \$358 was obtained by the robbers, who are supposed to be the bandits who held up a Great Northern passenger train on May 14 at Rondo, ten miles from Rexford.

## GENERAL ASBERT. Sentenced to Prison for Slaying Cuban Official.

## TWELVE YEARS IN PRISON

Two Prominent Cubans Are Sentenced for Murder.

Havana, June 4.—General Ernesto Asbert, former governor of Havana, and Eugenio Arais, a former member of the house of representatives, were sentenced by the supreme court to twelve years' imprisonment for the killing, in July, 1913, of General Armando Riva, chief of the national police.

Senator Vidal Morales, who was with the others at the time of the killing, was convicted on two charges—the first, firing a shot in the street, and the second, carrying a revolver without a license. A fine was imposed.

Police Captain Emilio Campina, whom the defendants accused of attempting to shoot them, was acquitted.

## BANDITS IN MEXICO KILL SIX RANCHERS

Americans and Indians Are Among the Victims.

San Diego, Cal., June 4.—Six American, Italian and Mexican ranchers living in the vicinity of Santa Rosalia, Lower California, have been killed within the last three weeks by Mexican bandits, according to refugees who arrived from the lower coast on the power schooner Bernardo Reyes.

The refugees included Richard Daggett, wife and eight children; Mr. and Mrs. E. B. Wiggins, Mark Baldwin, Walter S. Morrell, Morris McCarthy and J. C. Crane. George Brown, wife and children, also were passengers on the schooner.

"Several days ago," Brown said, "a party of bandits led by one of the deserters stopped at the ranch of John Higgins, an American rancher of Calamall. They asked for food, but when Higgins told them that none was to be had they shot him through the head."

"An Italian rancher, S. Berea, and Camillo Valde of San Borja and three other ranchers were killed by the bandits in the vicinity of Calamall."

## MRS. SEARS SEEKS DIVORCE

Names "Prettiest Girl in Church" in Her Complaint.

New York, June 4.—Discord in the love affairs of the Rev. Frank W. Sears and his wife, Mrs. Julia Sears, both "new thought" leaders here, and concord in Mrs. Sears' vibrations with Miss Paulina Langdon, "prettiest girl in the new thought church" were set forth in Mrs. Sears' suit for divorce.

Statements that Sears and Miss Langdon "courted" on the streets; that they often visited New York by themselves; that they took a trip to Europe together were to be explained by Miss Langdon when she took the stand in Sears' defense.

## HOPE TO MODIFY FREE TOLLS BILL

Opponents Confident Original Measure Will Be Defeated.

FAVOR AMERICAN CONTROL.

Henry, Chairman of Rules Committee of House, Kept Busy by Suffragists Calling Upon Him to Report Rule Which Would Permit Vote Oppose Agricultural Appropriations.

By ARTHUR W. DUNN.

Washington, June 4.—[Special.]—Senators who oppose the repeal of the free tolls for the Panama canal for American coastwise shipping are confident that they will be able to greatly modify the bill, even if it is not defeated. It has been generally conceded that the repeal would go through. The opponents have not given up hope of defeating the measure, but they believe that they can at least amend it in an important particular.

"The bill will never go through until it contains a strong declaration of American control of the canal," said Senator Jones of Washington, who has been fighting the repeal. "There is no doubt that the sentiment throughout the country for such an American declaration is so strong that it will be adopted. While that is not entirely satisfactory to those of us who are opposing the repeal, it will afford us an opportunity to assert our rights some time in the future."

Keeping Bob Henry Busy. It's a great thing to be chairman of the committee on rules in the house of representatives, Bob Henry has found that the position has its drawbacks. Ever since the judiciary committee passed the prohibition and suffrage resolutions over to the Texas he has had more than his share. For weeks past he has had women by delegations, in squads and by individuals calling upon him asking him to report a rule which would allow the house to consider the woman suffrage resolution on the calendar. Henry's reply is that the caucus has passed upon this subject and that his hands are tied.

But that does not always go with the women, who say that he ought not to allow himself to be tied by the caucus and that he should report the suffrage rule. In addition to the women who have called upon him Henry is also deluged with letters from all parts of the country asking that the committee on rules report the resolution. "It takes all my time," said Henry, "and I don't get a chance to attend to my regular correspondence and take care of my ordinary business."

Hobson Still a Hero. Richmond Pearson Hobson, now serving the last of his term in congress, for the present is still a hero and is much admired by many people. This was evidenced the other day when a large delegation of woman suffragists were waiting in the room assigned for the ladies' reception room in the old hall of the house of representatives. Hobson came by and stopped to speak to a friend, and in a few moments the women had clustered around him to shake his hand and to thank him for what he was doing for them in favor of suffrage. They were much pleased when he gave them a short talk declaring that prohibition and woman suffrage were the principal reforms for which he stood.

Common Sense in the Senate. There has been quite an amount of airy persiflage in the senate over the question of automobiles, motorcycles and motorboats for the use of employees. Senator Kenyon of Iowa was taking quite a leading part in the discussion and he was interrupted by Senator Bristow of Kansas, who inquired, "Why not use aeroplanes?" "I am a little in the air on that matter," remarked Kenyon. Then Senator Reed of Missouri took the floor and in a grave and solemn manner said that, "while there had been a lot of Irish wit, Iowa wit and Kansas wit, he thought that the senate ought to indulge in common sense."

"In the senate?" interrupted Senator Gore of Oklahoma, and for a moment the Missouri senator was quite upset, but he recovered himself and took what he said was a common sense view of the subject under discussion.

McCumber's Complaint. Senator McCumber of North Dakota interested the senate the day the agricultural appropriation bill was passed by declaring that the bill was a top-heavy measure, and "mostly at the southern end." He then went on to review the different appropriations that were made for southern states and insisted that most of the money in that bill would be expended in the south, particularly in the fighting of pests and diseases affecting crops and stock and in making good roads.

Senator Walsh of Montana made the statement that so far as fighting the diseases of cattle was concerned, it was to the interest of the northern states that the pests which infected the southern cattle should be eradicated because so many of those cattle were brought into the northern states, including Montana and North Dakota. The southern men claimed that the bill was no more a sectional measure than any appropriation bill which passes congress.

Vague Comment. "I've got one of those new vacuum washers." "That's nothing."—Baltimore American.

## WILLIAM G. M'ADOO. Back in Washington After His Honeymoon.

## M'ADOO'S BACK TO CAPITAL

Secretary and Bride Pay Brief Call at White House.

Washington, June 4.—Secretary McAdoo and his bride, who was Miss Eleanor Wilson, returned to Washington after spending their honeymoon in New Hampshire. They made a brief visit to the White House to see the president and other members of the family and then went to their home in the fashionable section of the capital.

## MRS. EATON REWEDS HER FIRST HUSBAND

Marries Man She Divorced Eight Years Ago.

Washington, June 4.—Mrs. Jennie M. Eaton of Boston, widow of Rear Admiral Joseph G. Eaton, and her first husband, D. Henry Ainsworth of Morristown, Ariz., were married here.

The ceremony was performed by Rev. L. Morgan Chambers and attracted so little attention that nothing was known of the event in Washington until it was announced that the couple had gone to a summer resort for their second honeymoon.

Mrs. Eaton was acquitted in Boston last October of the charge of poisoning her second husband.

The admiral died at his home in Norwell, Mass., March 7, 1913, under circumstances that excited suspicion and resulted in the widow's arrest and imprisonment. After a long drawn out trial Mrs. Eaton was found not guilty.

Mr. Ainsworth was divorced from his wife eight years ago in Illinois. He gave his age as forty-nine and that of the bride as forty.

## DRESS REFORM FOR WOMEN

German Roman Catholic Union Deplores Race Suicide.

Sheboygan, Wis., June 4.—Race suicide was pointed to as the second of the great social evils in resolutions adopted by the German Roman Catholic union of Wisconsin here. Additional resolutions condemned child and woman labor and unnecessary Sunday work; favored strict but reasonable observance of the excise law; prosecution of vice; temperate use of intoxicating liquors, but opposed prohibition.

Resolutions favoring dress reform for women also were adopted. Members were urged to maintain the mother tongue and to preserve the "beautiful German language."

Racine was chosen as the next convention city two years hence. John B. Helm of Madison was elected president.

RATTLESNAKE BITE PROVES FATAL TO BOY. Belle Fourche, S. D., June 4.—The first fatality of the season from rattlesnake bite is reported from Beulah, Wyo. Francis, ten-year-old son of Mr. and Mrs. S. G. Folsom was playing within sight of his father when bitten by a snake. Home remedies were applied and a physician summoned, but the boy died in a few hours.

## OBSERVED ALL OVER SOUTH

Anniversary of Birth of Jefferson Davis.

Washington, June 4.—Confederate patriotic organizations here and all over the South held ceremonies in commemoration of the birthday anniversary of Jefferson Davis. He was born in Kentucky in 1808.

It is also the anniversary of the appointment by Davis of General Robert E. Lee, in 1862, to command the Confederate troops in Virginia.

## TAKES SENATE BY SURPRISE

TO PATROL RIVER FOR DEAD

Government Steamer Assigned to St. Lawrence.

Montreal, June 4.—Government vessels were assigned to patrol the St. Lawrence in search of any more of the Empress of Ireland's dead which the river's waters may give up. By Sunday officials of the Canadian Pacific Railway Steamship company believed bodies should begin to appear. Special officers have been ordered to points along the coast.

In sixty-nine countries and colonies on Sunday memorial services will be held by some 200,000 soldiers of the Salvation Army in memory of the 138 members of the organization who perished on the Empress.

## VIVIANI MAY FORM CABINET

Minister of Interior Probably Will Accept.

Paris, June 4.—President Poincare requested Rene Viviani, the minister of public instruction, to form a new ministry to replace that headed by Premier Doumergue, which resigned office. M. Viviani, as is customary, asked for time to consult with his friends.

It is almost certain that he will accept and it is considered likely that he will be able at the same time to submit a list of ministers. Three already have promised to take portfolios—Louis J. Malvy, interior; Joseph J. R. E. Noulens, finance; Adolphe Messimy, war.

## ST. PAUL CAPITALIST DEAD

Theodore L. Schurmeier Expires in the South.

St. Paul, June 4.—Theodore L. Schurmeier, St. Paul capitalist and formerly president of C. G. & Co., shoe manufacturers, is dead at Richmond, Va., after an illness of several months, according to word received here. Mr. Schurmeier was taken ill with pneumonia in January while in New York and at that time there was fear for his recovery.

Mr. Schurmeier started home a week ago from Augusta, Ga., and became ill while on the way.

## KILLED BY A MOTOR CYCLE

Machine Dashed into Crowd at Race in Motordrome.

Pittsburg, June 4.—A spectator, believed to be Charles F. Marzolf, was killed and ten other persons were seriously injured when a motor cycle ridden by Arthur Armstrong of New York became unmanageable at the Pittsburg motordrome and crashed through the railing into the crowd.

Armstrong's back, right leg and left arm were broken. The others injured, three of them women, sustained broken bones, cuts and bruises. The accident occurred in the final lap of the nine-mile race when Armstrong was running his machine at a terrific speed.

## FOR COTTON FUTURES TAX

House Committee Agrees to Report Lever Bill.

Washington, June 4.—The house agricultural committee agreed to favorably report the Lever bill to regulate dealings in cotton for future delivery, with an amendment to tax so called gambling transactions transferred from the domestic to a foreign market.

The measure would levy a tax of one-fifth of one cent for each pound of cotton involved in any contract or sale of cotton for future delivery made on exchanges.

It would provide for standardization of grades and authorizes the secretary of agriculture to designate from time to time what markets shall be considered bona fide spot markets.

## EDITORS PLAN EXCURSION

Minnesota Publishers Will Make River Trip to Keokuk, Ia.

St. Paul, June 4.—An excursion down the Mississippi river from St. Paul to Keokuk, Ia., is being arranged by the Minnesota Editorial association.

The excursionists will leave St. Paul June 18 on the Steamer Quincy. They will return June 22. The association has not had an excursion for three years.

The state land sale held at the county auditor's office this morning was largely attended. It was conducted to Theodore Nelson, manager of the land sales department. Mr. Nelson is a brother of Dr. D. E. Nelson of this city. Mr. Nelson states that 2,000 acres were sold, the price ranging from \$5 to \$18.25 per acre. There was considerable competition in regard to five tracts. Land buyers were present from St. Paul, Minneapolis, Tracy, Aitkin and other points. Mr. Nelson considered this one of the best land sales held in Brainerd and well up to the standards set by other counties. He left for Elk River where he will conduct another land sale.

## LIFE IN PAPAIAKON, HAWAIIAN ISLANDS

Miss Laura A. Johnson, Teaching School There, Describes Country and Her Experiences

## FISH AND POI NATIVE DISH

Hawaiian Language is Soft and Musical—Alphabet has Only Twelve Letters in it

Miss Laura A. Johnson, daughter of Senator and Mrs. C. D. Johnson, who is teaching school in Papaikau, Hawaii Islands, has written a letter describing the country and her experiences and members of the Brainerd Musical club had the pleasure of hearing it read. It was so interesting that it was secured for publication in the Dispatch. Miss Johnson says:

On most maps the Hawaiian Islands are represented by a small dot in the midst of a vast expanse of blue sea and one city, Honolulu, will be located. But on those displayed out here eight clearly defined islands and many cities or towns are shown. Lines marking the trade routes to Seattle, Yokohama, Sydney, Manila and San Francisco make this land a sort of hub of the Pacific. The latter port is the nearest being but five days distant by the fastest boat.

Of these eight inhabited islands the tourists remembers four. Oahu, because Honolulu is there; Hawaii, for the volcano; Kauai, on account of the tropical gardens and Molokai where the leper settlement is. Capt. Cook discovered this land in 1778 and named them Sandwich Islands, which appellation is the one commonly applied to them by Europeans. At first each island was a separate kingdom but in 1795 the famous king Kamehameha united them. A harbor on Oahu was ceded to the United States in 1876 on condition that sugar be admitted into that country free of duty. Twenty years later the dissatisfied natives deposed Queen Liliuokalani and set up a provisional government. President Cleveland opposed the annexation of Hawaii and a republic was organized with Sanford B. Dole as president.

In 1898 the annexation was accomplished and two years later the islands became a territory of the United States.

The entire group contains 6449 square miles. The largest one, Hawaii, is about the size of Connecticut. They are fairly well settled, having a total population of 218,462. That a small percentage are Caucasians is easily believed when Honolulu is out of a population of 45,000 can number only 8,000 whites. Chinese, Japanese, Portuguese, Porto Ricans, Filipinos and Hawaiians complete the list.

They claim that the last named race is dying out and these people have inter-married so that there are few pure Hawaiians left. They are a dark-skinned, stalwart handsome people. Climate and environment has made them lazy, pleasure loving and irresponsible. They are natural musicians and good speakers. All singing is in a plaintive minor key and usually accompanied by cords on a small stringed instrument called "Ukulele." Riding and swimming are as natural as eating and sleeping. There are not many of the old grass hut dwellers left but we are amused to find that all the people with a strain of Hawaiian blood retain the native fondness for fish and poi. The latter looks like Sanford's Library Paste. It is made of taro roots pounded into flour between stones and is considered best after it is fermented. Formerly the entire family dipped fore-fingers into one calabash, a wooden bowl, but the craze for individual dishes has lately invaded Hawaii.

The language is soft and musical. There are only twelve letters in the alphabet. All vowels are pronounced and there are often many in one word. Many words have a number of meanings and are so useful that they are in common use here among the English speaking people. They are easily picked up and it takes but a few weeks residence to find out that

## HANNA CO. GIVES UP ITS LEASE

General Manager J. D. Ireland, of the Virginia Ore Mining Co., Barrows Recently

## MINE MAY BE CLOSED DOWN

People at Barrows Hopeful that the Fee Owners Will Continue to have Property Mined

General Manager J. D. Ireland, of the Virginia Ore Mining Co., operating the Barrows mine at Barrows, reached Brainerd for the purpose of making arrangements to close down the Barrows mine.

The Virginia Ore Mining Co., a subsidiary of the M. A. Hanna Co., has served notice on the fee owners, the Brainerd Mining Co., that the lease will be cancelled on June 29th.

The mine will probably be closed down in a short time unless some arrangements are made with other parties to continue the operation of the property.

This action of the operators, it is said, is due in part to the extremely dull market for iron ore and also to the fact that the M. A. Hanna Co. have opened up immense tonnages of practically the same grade of ore in Michigan, which latter deposit can be mined by the open pit methods and hence a great deal cheaper than by the underground method at the Barrows mine.

Shipping from the stockpile accumulated in the winter continues at the mine. Part of the crew has been laid off.

People at Barrows and other sections of the south range are hopeful that the fee owners will effect some arrangement whereby they or another company shall mine the property.

## NEW OBSERVATION CAR

Service on Northern Pacific and M. & I. Railways is being Well Patronized

With the coming of the tourist season in Minnesota, the Northern Pacific and Minnesota & International railways have instituted a great convenience for travelers, the installation of a cafe-observation car.

Seats in the car may be obtained at a reasonable scale of prices. From St. Paul to Brainerd a charge of 70 cents is made, Brainerd to Minneapolis 65 cents, from Brainerd to Hackensack and all points intervening 25 cents, from Brainerd to Ten Mile Lake, Cyphers or State Sanatorium 30 cents, to Walker or Benedict 35 cents, Laporte 40 cents, Guthrie or Nary 45 cents, Bemidji 50 cents.

Elk River to Brainerd is 50 cents, St. Cloud to Brainerd 35 cents, Sauk Rapids to Brainerd 35 cents, Little Falls to Brainerd 25 cents.

## COMMITTEE TO INVESTIGATE

Names Proposed of Citizens to Examine Minneapolis, Mille Lacs and Northern Ry.

At a meeting of representative citizens last evening in the Commercial club rooms, C. E. Hansing, of the Minneapolis, Mille Lacs & Northern Railway Co. explained in detail with the aid of blue prints, maps, etc., the proposed line of railway to be built from Anoka to Brainerd showing the right of way which has already been procured within nine miles south of Ogilvie. Engineers are now working out of Ogilvie both to the north and south.

At the conclusion of his remarks, it was suggested that a committee of citizens be appointed to confer with the company with a view of making a thorough investigation of the financial standing of the corporation. An invitation was extended this committee by Mr. Hansing to make the trip at the company's expense. A short trip along the present right-of-way will be made after which the party will be taken into Minneapolis over the present line now in operation, a distance of sixteen miles.

The following citizens will be asked to compose the committee.

Con O'Brien, G. D. LaBar, Edward Crust, M. T. Dunn, L. M. Depue, J. M. Elder, R. A. Henning, C. A. Russell, and Anton Mahlum.

The committee will be invited to make the trip the early part of next week, after which a mass meeting of citizens is to be called when their report will be made public.

## ENROUTE TO SWEDEN

Rev. and Mrs. Elov Carlson to Spend a Vacation of Several Months in Old Country

The members of the Swedish Evangelical Lutheran church showed their deep regard and appreciation of Rev. and Mrs. Elov G. Carlson for faithful work among them during the past three years by granting their pastor a four months' vacation this summer. The consensus of opinion within the congregation was that he well deserved it.

Nor was the congregation only concerned about its pastor's health. At confirmation he was tendered a purse of \$25 for earnest and untiring work with them during the past year. On Friday evening Rev. and Mrs. Carlson were again surprised by the whole congregation and given a purse that speaks well for the intimate relation existing between the congregation and its pastor.

Saturday afternoon a large crowd gathered at the station to see the pastor and his wife enroute for Sweden. They will spend Sunday in Chicago, visiting with relatives. Here they expect Mr. and Mrs. Peter Stendal, of this city, to join them. On Thursday the party will leave New York on the steamer U. S. of the Scandinavian American line, which will take them direct to Christiania, Norway. From this point they will journey by rail to Sweden, Rev. and Mrs. Carlson going to Narrekoeping, where the minister's parents and other relatives live. Here in this beautiful spot of nature, the land of the midnight sun, with its many lakes and woods, replete with birds and flowers, they will spend the greater portion of their vacation.

Rev. and Mrs. Carlson will start for American soil again late in September. They will spend a week in England and make several stops in the eastern states. By October 1 they expect to be back in Brainerd again fully rested and recuperated to take up with new vigor and inspiration their life work.

## DEERWOOD PEOPLE ATTENDING COURT

Smith Case is on in the District Court This Week, Attorney Greene for Defense

## HAGE FAMILY IS HONORED

Village Council has Meeting, Tom Watson Appointed Special Engineer—Other News

Deerwood, Minn., June 5—Thirty or more Deerwood citizens are attending court at Brainerd as witnesses in a case in which C. D. W. Smith is being sued.

Claus Theorin, whose parents, Mr. and Mrs. G. C. Theorin, reside in Deerwood, is making a spirited canvass of the county in his campaign for sheriff of Crow Wing county. Mr. Theorin is deputy sheriff and has served in that capacity for eight years.

Ed. Blackwood went to Aitkin on Wednesday.

Hoover Mussey, editor of the Deerwood Times, is in Brainerd, a witness in the Smith case.

A band of gypsies visited Deerwood last week.

Mr. and Mrs. H. J. Hage and family were given a surprise party by many of their friends on Monday evening, before leaving for their new home in Minneapolis. Mr. and Mrs. Hage were presented with several testimonials of the high regard in which their neighbors hold them. They have been residents of Deerwood for 26 years and identified with its growth and prosperity. In the program of the evening musical selections were given by Mrs. P. A. Gough, Miss Dorothy Masson and Miss Adele Coffin.

Socialists of the county will hold a picnic at Archibald park on Sunday, June 14 and the speakers will include R. A. Henning, Benjamin Marcus and O. M. Thomason, of Brainerd, all candidates for office.

Mr. and Mrs. C. E. Benson are spending the summer in International Falls.

Rev. and Mrs. Abbott attended the Methodist church corner stone laying ceremonies in Aitkin.

The new Deerwood band is holding rehearsals.

Miss Edna Bierman visited in Brainerd this week.

John Olson was in Brainerd Thursday.

The village council has appointed Tom Watson engineer to establish the sidewalk grades, awarded to Peter Brand the contract to lay cement sidewalks, allowed \$100 to cut down the hill near Peter Moe and allowed a number of routine bills.

Dr. Denman has returned from a trip to St. Peter.

George Eisenhaur has qualified as the champion rummy player from seven corners.

## At Park Theatre

After two nights of home talent, the Park Theatre goes back to moving pictures. A fine program of picture is shown, with appropriate music accompanying their portrayal. On June 10th and 11th Quincy Adams Sawyer makes his appearance.

## Dancing on Talcum Powder.

It has been found by experiment that the best dancing floor is made as follows: Upon the ordinary floor a sheet of rubber half an inch thick is spread; a certain smooth surfaced linoleum is laid over this, and talcum powder is sprinkled upon it every day. The highly polished waxed wood floors of a few years ago are too slippery for the modern dances. The shoemakers soon learned this and introduced pumps with pads of rubber inserted in the soles.—New York World.

## COMMISSIONERS PROCEEDINGS

Proceedings of the Board of County Commissioners Meeting held June 2nd, 1914

Board met at court house at 10 a. m. with all members present. Minutes of the last meeting read and approved.

Reports of drilling on the farm were presented showing the second hole completed at 361 feet with ore running better than 50 per cent for about 25 feet extending from about 275 to 300 feet.

O. Edwards appeared and complained that the residents in section 36, township 134, range 29 had obstructed the highways with fences. Motion carried that the County Attorney be instructed to notify the parties to remove the obstructions at once.

A large delegation was present from Bay Lake objecting to the action of the board in taking \$1500.00 from State Road No. 5 and placing it on State Road No. 6. The board declined to take any action in the matter.

Applications were received from various towns for road money but none were granted.

Lance Edward asked for some culverts and were granted permission to take the two now on hand.

Bonds of the Hewitt Bridge & Steel company covering their contract on three bridges were duly approved.

A letter was read from the Supt. of the State Sanitarium at Walker in regard to the two Richardson girls who are inmates there. The letter was referred to the county attorney to determine whether or not Mr. Richardson was a resident of this county.

Board adjourned until 2 o'clock p. m. All members present.

Attorney Brown of Crosby appeared on behalf of the Cuyuna Range Good Roads association for a permit to operate a ferry across the Mississippi river near Bear Island and on motion the request was duly granted.

Application of Fred Guilmet to transfer his liquor license at Ft. Ripley to G. A. Raymond was duly granted, and Mr. Raymond's bond in the sum of \$2,000.00 with the American Surety company was approved.

Applications were read from J. C. Holz and W. H. Spalding for liquor license at Woodrow but no license was granted.

Harry L. Stearnes was appointed clerk of election in Kennedy's precinct to take the place of J. Wilmer Holmes who is a candidate before the primary and John Weber as Judge of election in Davenport's precinct to take the place of John Peterson.

Motion carried instructing the county attorney to notify the Pioneer Tractor company to fulfill their contract of furnishing an engine and dump wagons without further delay.

## Flowers and Spices Antiseptic.

The odor of cloves has been known to destroy microbes in thirty-five minutes, cinnamon will kill some species in twelve minutes, thyme in thirty-five minutes. In forty-five minutes common wild verberna is found effective, while the odor of some geranium flowers has destroyed various forms of microbes in fifty minutes. The essence of cinnamon is said to destroy the typhoid fever microbe in twelve minutes and is recorded as the most effective of all odors as an antiseptic. It is now believed that flowers which are found in Egyptian mummies were placed there more for their antiseptic properties than for merely ornamental or sentimental purposes.—London Globe.

**P. O. AND CROSBY CRUCIBLE**

Cuyuna Range Good Roads Association Enlarging its Membership

—Other Crosby Notes

Crosby, Minn., May 28—The Will S. Pitt office building on Main street will soon be completed. The building evidences in a way the faith which Mr. Pitt has in Crosby. The structure will house the newly organized First State Bank of Crosby, the postoffice, the Crosby Crucible newspaper and other tenants. The building was designed by Vernon J. Price, of Duluth and is one of the substantial additions to the business district of Crosby.

The New Will S. Pitt Building, the new home of the Postoffice, First State Bank of Crosby and the Crosby Crucible at Crosby

The Cuyuna Range Good Roads association is making a spirited campaign for new members. To date 70 have joined. The officers are President Dr. H. W. Froehlich of Crosby, First Vice President R. W. Wedgewood of Cuyuna, Second Vice President J. E. Mattson of Ironton, Treasurer Richard Bergum of Manganese. The association will endeavor to get the village councils of the range to donate \$50 each towards the ferry service to be installed across the Mississippi river at a point south of Bear lake.

C. E. Pearson, formerly with the Duluth Herald and now with French & Bassett, was in town on business. Wm. R. Breuske has bought a lot in the north acre tract and will build a home.

R. A. Welch, of Beaver Dam, Wis., will locate in Crosby and conduct a drygoods store on Main street.

Mr. and Mrs. Marc Atkinson have returned from Hibbing.

George Worth, of Duluth, was in Crosby while on his way to Minneapolis.

H. L. Spencer visited his parents in Duluth Sunday.

Louis E. Dunn has returned from Minneapolis where he attended the funeral of his father.

George H. Crosby will return from Pasadena, Cal., his winter home, next week and visit Crosby.

Edwin McDonald, of the Duluth Herald, was in Crosby this week.

Crosby and Atkin high school baseball nines played a game, Crosby winning by a 2 to 1 score.

Serpent lake is full of fish and they are biting good.

The Gun club will have a shoot Sunday. James B. Haskell was high man last Sunday.

Ira B. Gorham, who has been in Minneapolis the last six weeks, has returned to Crosby.

Franklin W. Merritt of Minneapolis, was on the range with M. Schermerhorn, W. E. Peterson and L. Peterson.

Oscar Pera, of Atkin, was in Crosby on business Wednesday.

The Friday Study club was entertained by Mrs. H. W. Froehlich. The new president is Mrs. Will S. Pitt, vice president Mrs. B. B. Gaylord, secretary Mrs. H. Ingalls, treasurer and librarian Mrs. A. Humble. English literature will be studied this season.

A survey is being made of a road in section 6, township 46, range 29 west of the Mississippi river to connect with the ferry at a point near Bear lake.

Mr. and Mrs. Will S. Pitt will motor to Minneapolis to meet their daughter, Miss Leila Pitt, who has been teaching school in Oelwein, Ia.

Crosby plays the Big Duluths next Saturday and Sunday at Crosby.

Don Wimmer, of Hibbing, has taken charge of the mechanical work on the Crosby Crucible.

Papaicon. Education is compulsory and free. The department of public instruction consists of a superintendent and six commissioners who control the school affairs of the territory. A supervising principal acts as the department's agent in each district. Each school is in direct charge of a principal. Three inspectors visit all of these each term. The educational budget is fairly large but so far the results have been unsatisfactory. It is an expensive and laborious process to make English speaking American citizens out of foreigners' children. I presume that Papaicon school is representative. We have an enrollment of five hundred children and there are twelve teachers, while the accommodations are for half that number. Consequently two Japanese schools and the basement of the teachers cottage are called into use. Conditions are different in

ing off and financial ruin is predicted by the pessimists for in four years free sugar will be a thing of the past. But most people here think that it will be worth while to raise sugar in spite of the tariff and the democrats.

Duluth Land and Timber Co. Have Large Crew at Work Grading Main Street

**CEMENT SIDEWALKS ARE LAID**

T. A. Dalton, of Hill City, Establishes a General Store in Manganese

Manganese, Minn., June 4—The Duluth Land and Timber company, of Duluth, owners of the townsite of Manganese, have a large crew of men and teams grading and improving Main street and Manganese avenue.

The village council has ordered grading and other improvements on three of the residence streets in the village and work will begin next week.

H. A. Keeler is laying cement sidewalks and curbing on Main street and the work is progressing satisfactorily.

The townsite company has a few nice cottages nearly finished and more dwelling houses will be built in the near future.

John Wahl will build a suitable building for school purposes and rent it to the school district until a permanent school building can be built.

T. A. Dalton, of Hill City, has moved his family to Manganese and he is now engaged in the general store business here.

Directors and stockholders of the Cuyuna Central Iron Co. visited in Manganese recently.

Dr. T. A. Smith, of Crosby (visited here last week.

J. C. Haskell and Charles Roulo, of Crosby, were recent visitors here.

Hugo Osterberg, of Crosby, was in town on business Thursday.

Christ Norgaard, of Crosby, visited here Friday.

Peter Laron and John G. Sinclair, of Crosby, were in town Saturday attending to business matters.

John Wahl and U. J. McAuliffe, of Duluth, were in town attending to business Saturday.

R. Bergum, the townsite agent, has sold to the village of Manganese lots 18, 19 and 20 in block 5, First Addition to Manganese.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Cheney & Co., Toledo, O. Sold by Druggists, 75c. Take Hall's Kidney Pills for constipation.—Adv.

other parts of the island but this is a prosperous plantation. Seven nationalities are represented in my group of forty pupils but two-thirds are Japanese. The latter go to their own schools from seven to nine and two to four each day and come to an "Merican teacher" the hours between. The curriculum is well adapted to local needs. Reading, writing and speaking being taught in the class room daily with sewing, housework and gardening once a week under special teachers. Arithmetic inasmuch as can be applied to money matters is quickly mastered.

Papaicon is but five miles from Hilo, the metropolis of this island, which is about the size of Brainerd. Hilo is situated on a slope rising above a crescent shaped bay with a broad sand beach, and presents a fine sight from the sea with the palm rising Coconut Island near the wharf. The main town is between two picturesque mountain streams.

From Hilo a railroad goes along the coast and up the mountain within nine miles of the crater.

Two boats a week bring mail from Honolulu and two come direct from the coast each month. From Hilo the snow-capped peaks of Mauna Loa and Mauna Kea are seen towering against the sky. Both are over 13,000 feet high but it is the northwestern slope of the former that is famous the world over for there is the crater of Kilauea. The crater is a huge, lava covered pit about 200 yards wide in which the lava is constantly rising and falling. At times the fire has reached the edge but lately only a faint glow can be seen. However, the tourist toasts post cards at the cracks, goes through the sulphur banks and wears out a good pair of shoes walking over the hot stones. At Christmas time a bit of fire was detected and in November after a slight earthquake I saw the reflection in the sky at Hilo thirty-one miles away. Two good hotels accommodate the visitors at the volcano which is reached either by auto, on train and stage. The roads are very fine being built on solid rock foundation. They pass through waving cane fields, giant fern trees and virgin forests of koa and ohia. "Koa" is the beautiful Hawaiian mahogany used for fine cabinet work.

One of the chief industries here is the manufacture of furniture. Coffee, bananas and pineapples are raised in small quantities but on this island sugar is the main crop. Every available spot is covered with that glistening green cane. It grows sixteen feet tall and has feathery tassels when it is two years old—then it is ripe. Each plantation has a mill to which the cane is sent by flumes or cars. There it is made into raw sugar at a comparatively small expense for the fuel used is the trash or refuse left after the juices are taken from the crushed stalks. All this raw sugar is shipped to the coast to be refined.

Sugar dividends are already falling off and financial ruin is predicted by the pessimists for in four years free sugar will be a thing of the past. But most people here think that it will be worth while to raise sugar in spite of the tariff and the democrats.
